

RED THREADLOCKER

PERMANENT STRENGTH

HIGH STRENGTH . . . FOR ASSEMBLIES THAT DO NOT REQUIRE FREQUENT DISASSEMBLY

- Stud & Bearing formula is a high strength, threadlocking anaerobic material that cures and locks between threaded connections to lock seal and retain. Resists leakage, shock and vibration. Ideal for fasteners 3/8" to 1" prior to assembly.
- Locks, seals and secures parts that must withstand heavy shock and vibration.
 - Prevents rust and corrosion
 - Keeps nuts and bolts from loosening
- Conforms to MIL-S-46163A, ASTM D-5363, NSF.
- Use on engine bolts and fittings, inner tie rods, transmission bolts, power steering, frame bolts, idler bearing, press fit filter tubes, shock absorber bolts, ring gear bolts, cylinder block studs, crank shaft bolts and more.
 - Automobiles, RV's and Recreational Equipment
 - Farm Machinery
 - Heavy Duty Power Tools
 - Air Conditioning Units
- Color: Red

Not recommended for use on plastic threads, nuts or bolts
