

INDUSTRIAL STRENGTH MEDICAL DEVICE CYANOACRYLATE ADHESIVE

Formulated for the assembly of components in a medical device

Certified to meet ISO 10993 biocompatibility standards

- **ISO 10993 Certified for use in the assembly of disposable medical devices**

**Certificates of Compliance are available from our Quality Department*

- **This single component ethyl cyanoacrylate cures rapidly**
 - No mixing or heating required for cure

- **High Strength**
 - Instant Bond
 - Flexible Adhesive

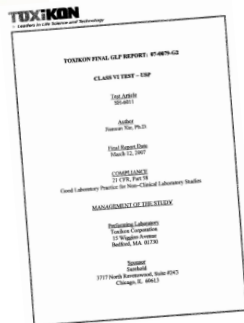

- **Low viscosity, 100 cPs**

- **Bonds well mated surfaces such as rubber, metal, plastics, glass, composites and more**

- Also bonds porous or absorbent materials such as wood, paper and fabric

Part No.	Product	Size	Case Qty
6011	Medical Device Adhesive	20 gr	25
6011 – 500 gr	Medical Device Adhesive	500 gr	1
