

HeliosTM

Light Cure Adhesives

Odorless

Rapid Curing

Tack Free in Seconds

Helios™ Light Cure Adhesives

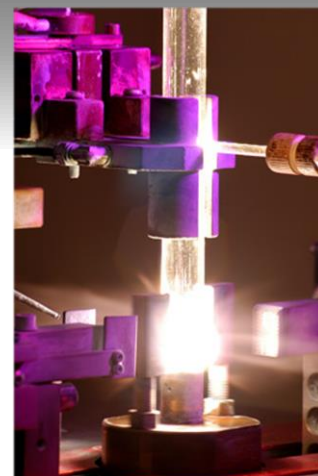

SureHold's® Helios™ Light and Moisture Cure Cyanoacrylate is a fast curing, low blooming, multiple viscosity, clear to pale green adhesive designed for OEM assembly applications that require a low out-gassing for sensitive electronics, excellent aesthetics, very rapid fixturing, fillet cure or surface cure.

The light cure properties facilitate rapid curing of exposed surface areas, thereby minimizing assembly time, the unique formulation insure reduces blooming during the secondary cure providing an alternative to solvent borne accelerators. Suitable for use in the assembly of disposable medical devices, sensitive electronics, and hearing aids.

ISO 10993 Certified

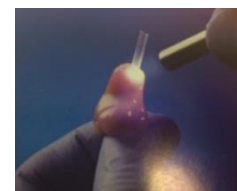

Features & Benefits

- Extremely fast tack-free curing in 2-5 seconds
- Cures with UV/Visible light
- Good cosmetic appearance
- Good for sensitive electronic assemblies
- Cures in shadowed areas
- Eliminates need for accelerators
- Good adhesion to plastics, elastomers and metals
- ISO 10993 Biocompatible

Substrates / Applications

- Stainless steel to plastic – *Needle bonding*
- Latex rubber tubing to PET – *Household products*
- ABS to metal – *Hearing aids*
- Aluminum to plastic – *Hand-held electronics*
- Polycarbonate to magnets – *Sensor and wire tacking*
- PVC to polyurethane foam – *General*

Part No.	Product	Size	UPC Ea.	Case Qty
2201	Low Viscosity	0.7 oz. (20g) bottle	658897022010	25
2202	Medium Viscosity	0.7 oz. (20g) bottle	658897022027	25
