Micro Sham Dual Sided Cleaning Cloth for Windows, Mirrors & Glass “Every once in a while, a really special product is offered ”

CHEMICAL FREE GLASS CLEANING

Micro Sham is a sophisticated European made Cleaning Cloth that is on one side Spun Lace Micro fiber (Green side for Washing) and the other side Synthetic Chamois (Beige Side for Drying). Micro Sham has specifically been designed to clean glass, mirrors, windows, chrome, and stainless steel in a STREAK-FREE FASHION

These outstanding cloths make Window Washing easy! No need for soap or harsh sprays. With just a little bit of plain water the green washing side wipes away fingerprints, water spots, and haze. Flip the cloth and dry and polish with the Chamois side.

This Cloth has great Demonstration – Event Selling Appeal. The effectiveness can easily be demonstrated by simply using it on a piece of dirty glass.

- Windows
- Mirrors
- Windshields
- Glass
- Chrome
- Stainless Steel
- Hard Surfaces
- Chemical Free Cleaning

Use Directions

Before Each use: Hand Wash and Rinse in warm soapy water. Ensure Green side is clean

During Use: Moisten Cloth slightly. Wipe Surface with the green side. Flip cloth and dry surface with the Chamois (Beige) side

After Use: Rinse Cloth and Hand Dry. Do not leave cloth bunched up. To make sure cloth is effective, Hand Wash in Warm Soapy Water to keep clean. If you get streaks, it means you must clean the cloth
